

COMUNE DI CRESPINA LORENZANA

Piazza C. Battisti, 22
56042 Crespina (PI)

Prot. n. 2039

Crespina Lorenzana, 10 marzo 2015

Dear sir/madame,

With this email we invite your municipality to take part in the Toscana Nordic Festival.

Toscana Nordic is a festival located in Italy. The purpose of this event is to present and share the Nordic culture and give a little something of our culture to others. The festival takes place in the municipalities of Lorenzana, Crespina and Cenaia, in the middle of the Tuscany's hills, in late May 29-30-31/2015.

It is an event where we give the Italian people an opportunity to take part in not only the art of the Nordic countries but also a share of the food and other cultural treats and fashions of Scandinavia.

At this event you can represent not only your home country but also your hometown. You can use this event to market your city with future tourists in mind.

Let this be an opportunity that gives you not only something for the present but also new possibilities for the future of your hometown and home municipality.

If this sounds interesting and you want more information, please contact the festival founder organisation Interartex by email exhibition@interartex.org or by phone, +46706875328. You can use either English or Swedish when you contact the company.

With hope that you want to participate, Yours Sincerely,

The Deputy Mayor
Simona Soprani
